

"YOUR LIFE, RECLAIMED."

DISCOVER TRUSTED BARIATRIC CARE WITH LOCAL SUPPORT

WITH

Yes — local is always the first choice.

But for many, the cost, long wait times, and limited access to resources make it out of reach. That's where Oceanscape Group steps in — your New Zealand-based health tourism facilitator partnering only with world-class, accredited medical teams abroad to offer safe, high-quality bariatric care.

We're local too, and we understand what matters most to you: trust, transparency, and life-changing results — delivered with compassion and care, every step of the way.

TRUST & DIFFERENTIATION

Why Oceanscape?

- ✓ NZ-owned, Türkiye-based team. TAAZ accredited travel agents
- ✓ JCI-accredited hospitals & certified surgeons
- ✓ Full transparency – no hidden charges when you receive your personalised quote
- ✓ End-to-end support before, during & after surgery
- ✓ Exclusive to clients from NZ & Australia
- ✓ Oceanscape Group facilitates care exclusively through Ministry of Health licensed hospitals in Türkiye

CONTACT US

NOT JUST A PROCEDURE. A PRECISION-DRIVEN MEDICAL JOURNEY.

Your procedure is carried out at a Ministry of Health-certified university hospital by a qualified bariatric specialist with extensive experience in gastric sleeve and metabolic surgery.

Every step is approached with clinical precision and patient-focused care.

OUR SURGEONS EXPERTISE & EXPERIENCE - THAT MATTERS

- 15+ years of bariatric and metabolic surgery experience
- IFSO member (International Federation for the Surgery of Obesity)
- Specialist in gastric sleeve with reflux (GERD) correction, including hiatal hernia repair
- Certified in advanced laparoscopic techniques
- Performs complete sleeve surgery — not partial or modified approaches
- Known for clinical accuracy, safe outcomes, and long-term patient care

OUR SURGICAL STANDARDS

- Our hospital holds Ministry of Health certification for international health tourism services.
- Latest laparoscopic and 4K visualisation technology
- Surgeries are filmed — for your transparency and surgeon review
- Only 5 procedures daily — to avoid rushed care
- You have your own private hospital stay — no shared wards

THOROUGH PRETESTS

- Endoscopy with sedation
- ECG & full abdominal ultrasound
- Body composition scan
- Bloodwork (including iron, glucose, kidney/liver function)
- Psychological and lifestyle

YOU'LL TAKE HOME POST-SURGERY

- All post-op medications for your first month — included
- 21-day protein shake pack to support your return
- Meal and supplement guidance from our dietitian
- Ongoing access to your medical team for 2 years

SAFE, SECURE PAYMENTS ONLY

- All payments are made before departure through our NZ-based company.
- This means no cash handling, no last-minute fees, and no currency confusion.

WHO THIS PROGRAMME IS FOR:

People ready to invest in sustainable change

Individuals who want a medically-led and culturally safe experience

Clients who want to trust their team — and know who's guiding them

Navigate your journey to health & wellbeing:

- Complication insurance provided by our Türkiye based insurance broker.

SOMPO SiGORTA

*While your treatment plan is based on a gastric sleeve procedure, your pre-operative tests may sometimes reveal underlying conditions such as gallstones, reflux, or hernias. In these cases, your surgical team may recommend a different approach—such as a gastric bypass—to ensure your safety and achieve the best possible outcome. If changes are needed, the hospital may apply additional charges, which would be discussed with you in advance and paid directly to the hospital. We're here to support you every step of the way, with your wellbeing always at the heart of what we do.

While resting and recovering at the hotel you have full access to your bariatric team.

**Subject to your medical profile and specialist recommendation
